NEW PLANS FOR NAVAL AIR FLIGHT

(By Associated Press)
Trepassey, Newfoundland, May 12.—The American navy's hydro airplanes will get out on their trans Atlantic flight carrying, if possible, crews of six men instead of five as originally planned, and with extra propellers. Should the additional weight prove more than the 1600 h. p. engines will lift from the water, Commander Towers said they would discharge and drain off the excess fuel, reducing the weight to 25,000 pounds, the official full load. The motors of the NC 1 and NC 3 easily carried 25,000 pounds from Rockaway Point, N. Y., to Halifax and thence to this point. Mechanics today worked on the NC 3. One of her propellers was shifted, and the gasoline tanks were filled. The NC 1 was refueled and passed inspection yesterday. The planes were fitted out with bells for the mechanics so that motor repairs could be made in mid air.

SECRET PACT ANGERS ITALY

Rome, Sunday, May 11.—The discontent and irritation of the people are again growing because of news from Paris that Italy is not likely to get what she claims on the eastern shore of the Adriatic. Among other reasons for dissatisfaction is the Anglo-Franco-American alliance from which Italy was excluded.

PRICE FIXING WAS FAILURE SAYS GLASS

(By Associated Press)
Washington, May 12.—Charges made yesterday by George N. Peek, chairman of the recently dissolved Industrial Board that Secretary Glass had taken a stand on the board's efforts to agree on prices for necessities in direct contradiction with his message to the President urging the creation of the board, have drawn from the Secretary a sharp reply. In a statement published today Mr. Glass said the board in attempting to "fix minimum prices for the public did precisely that which it had been warned not to do" and that the action had been promptly repudiated by him as "contrary to fundamental principles of economics, of public policy and of the law."

SOCIALISTS WOULD TELL VIEWPOINT

(By Associated Press)
Amsterdam, May 12.—A commission appointed by the executive committee of the International Socialist Congress has decided to ask an interview with the council of four in Paris for the purpose of expressing the Socialist viewpoint as to the terms presented Germany.

National Assembly Meets to Take Up Peace Terms--Huns Seeking to Draw Allies Into Oral Discussion--Austrians Leave Vienna For Paris

NC 4 POSTPONES HOP OFF FOR NEWFOUNDLAND

(By Associated Press)
Chatham, Mass., May 12.—Weather conditions continued unfavorable today for the resumption of the flight of the hydro airplane NC 4 to Halifax and Trepassey, Newfoundland. High winds and rough sea made it inadvisable in the opinion of Lieut. Commander A. C. Read to attempt to get away. He hoped to reach Newfoundland before the NC 1 and NC 3 begin their flight to the Azores.

THE WEATHER

Washington, May 12.—Threatening weather, probably rain tonight and Tuesday morning. Strong northeast and north winds.

FUNERAL NOTICE

The funeral services of Mrs. Lizzie W. Osborne will be held from the home in Hye Wednesday afternoon at 2:30 o'clock. Friends invited.

(By Associated Press)

Peace conference leaders have renewed their efforts to reach an understanding on the Italian question. Meanwhile attempts are being made by the German delegation at Versailles to draw the representatives of the allied and associated governments into oral discussions of the peace treaty. The German cabinet council under the chairmanship of President Ebert took up yesterday the question of counter proposals to the peace terms. The National Assembly will meet in Berlin today and it is expected that Chancellor Scheidemann will give some idea of the German reply to the allies. The Austrian delegation is expected to reach St. Germain on Wednesday. Reports from Paris indicate that the Hungarian peace mission is also expected to arrive soon.

Paris, May 12.—The peace treaty with Austria is nearing completion.

and the official summary of it is being prepared. Although it is not so stated in the treaty the new Austrian frontier is the one designated by the secret treaty of London giving Italy all the strategic heights and defensive passages.

The council of four of the peace conference today considered the reply to be made to the latest German note, those regarding labor matters and prisoners of war.

Vienna, May 12.—The Austrian peace delegation will leave Vienna at 5:20 o'clock today on a special train and is due in Paris Wednesday.

Paris, May 12.—The council of four today decided to refer the German note on labor and war prisoners to experts for consideration instead of answering them at once as it did with the first two communications from the German delegates.

CLAIM WILSON HAS DESERTED 14 POINTS

(By Associated Press)
Berlin, Sunday, May 11.—Germany has seized and unfurled a new banner on which are inscribed President Wilson's fourteen points which the President apparently has deserted, said E. Ebert, President of Germany in a statement to the correspondent today.

ALLIES WILL PARADE IN PARIS

(By Associated Press)
Paris, May 12.—A triumphal march of the allied armies through Paris will take place on June 4th, according to the present understanding, even should the peace treaty not have been signed at that time.

WILSON SAYS AMERICANS HAVE IDEALS

(By Associated Press)
Paris, Saturday, May 10.—President Wilson in his address today to the French Academy of Moral and Political Sciences entered a strong disclaimer of the idea that the American people were largely materialists or dollar worshippers. "We have been too often supposed to have been devoted chiefly, if not entirely, to material civilization," he said. "We have accumulated wealth and we have devoted ourselves to material enterprises with extraordinary success, but there has underlain all of this all the time a common sense of humanity and a common sympathy with the high principles of justice."

Redfern Corset

The correct poise of the figure has more to do with the flat effect of the back than any other one thing. If the figure is rightly poised, the back involuntarily flattens, but it is necessary to wear a skillfully designed corset—it will contribute to the correct poise of your figure. That is why Redfern Corsets are so successful.

In addition to poising the figure correctly, a Redfern shapes the figure so easily in its perfect lines that the wearer finds pleasure in wearing a Redfern.

Glens Falls, N. Y., May 12.—Nearly all 36 plants of the International Paper Co. throughout the country were idle today involving approximately 5000 unskilled workers, according to reports received here. The strike began yesterday for increased wages. Union leaders said they did not expect a prolonged strike.

Hellows Falls, Vt., May 12.—The mills of the International Paper Co. here were closed today by a strike of the pulp and sulphite workers for increased wages. The strikers numbered only 60 but their absence made necessary the closing of the entire plant employing 450 hands.

Berlin, N. H., May 12.—Sulphite and pulp workers of the International Paper Co. here numbering about 80, quit work today to enforce their demands for increased wages. The paper makers and other employees reported as usual but because of the action of the sulphite workers, the plant had to be closed and they were forced out. About 600 operatives are employed here. A conference between a union committee and Supt. James Murray was arranged for later in the day.

Rumford, Me., May 12.—A possible strike of the employees of the International Paper Mills here was averted today by the granting of their demands for a wage increase of 15 per cent. The 200 paper workers at the plant of the Continental Paper Bag Co., who quit work Saturday were still out today.

Washington, May 12.—The War Labor Board prepared a telegram today to the officers of the International Association of Mill Pulp and Sulphite Workers, demanding that the union abide by the board's award which is effective until the end of the war. The action resulted from strikes at various plants of the International Paper Co.

If you did your duty on Sunday the attic and cellar will tell the story.

Stockholm, May 12.—Entente forces are preparing military operations with Helsingborg as a base for an attack on Petrograd, according to a Helsingborg dispatch to a Swedish newspaper. Fifty thousand troops are expected to take part in the operations, according to a dispatch which says that French cruisers are now lying in the Gulf of Finland off Helsingborg.

ITALIANS AND HOUSE IN CONFERENCE

Paris, May 12.—Baron Sonnino, Italian Foreign Minister, conferred today with Col. House with a view to reaching a basis of adjustment of the Adriatic dispute before the Austrian peace delegation arrives. The Colonel was the Baron's guest at luncheon.

Scripps-Booth

The business man who spends a large portion of his time in his motor car will find in this new Scripps-Booth Model A Roadster that will satisfy his most exacting requirements as to appearance, comfort and easy-riding qualities. He will find, too, that this model is especially efficient. Its powerful valve-in-head motor uses gasoline in a miserly fashion and with its light weight construction it secures a maximum of mileage from its tires.

INDUSTRIAL BOARD CLAIMS INSIDE STUFF

(By Associated Press).
Washington, May 11.—George M. Peck, chairman of the Department of Commerce Industrial board, which was dissolved after their controversy with the Railroad Administration over the price of steel rails, issued a statement tonight in which he said that the country would demand a reckoning for the distraction of the plan for reducing the high cost of living. He said that there was always influences working against them which finally succeeded in getting control.

Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientific packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

MOTHER'S DAY GENERALLY OBSERVED

Sunday was Mother's Day, a day in which old and young united in paying their respects and memory to that sacred name of mother. In all of the churches it was made a part of the services and the wearing of white carnations was general.

The Portsmouth Lodge of Elks held a Mother's Day meeting at their home at 2:30 on Sunday afternoon and there was a good attendance despite the stormy weather. Rev. L. H. Thayer, D. D. delivered a very interesting address on the significance of the day.

At all of the forts, ships and barracks, special gifts of carnations were made for the enlisted men, and they all wore them when they came ashore.

FUND BEING RAISED TO COMBAT ANTI IRISH PROPAGANDA

At the Irish race convention held at Philadelphia, Pa., February 22nd and 23rd, \$2,000,000.00 was pledged to be used to educate public opinion.

(a) To urge that the objects for which America entered the war may be fully attained.

(b) To urge and insist upon the recognition of the republican form of government established in Ireland.

(c) To urge that America shall not enter into any League of Nations which does not safeguard all American rights.

(d) To maintain and preserve the American ideals of government and to oppose and offset the British propaganda, which is falsifying and misrepresenting the facts of American history as well as facts pertaining to Ireland.

(e) To maintain for the foregoing purposes a widespread and professional publicity campaign.

(f) To defray the expenses of the Irish-American Delegation to the peace conference.

The local branch of Friends of Irish Freedom is working hard to raise its quota which is \$1,000.00.

To date the following pledges have been received:

HIGH SCHOOL WIN SECOND GAME

The Portsmouth High school baseball team won their second game on Saturday afternoon when they defeated the St. James High of Dover in a one sided game by a score of 20 to 0.

The visiting team were unable to hit Kikpatrick the local club pitcher and on the other hand the local hit McQuaid at will. It was a loosely played game and despite the hitting the local making eight errors. Analysts believe this could be fatal.

Robbins the Innocent.

The vigorous use of the power of the Government against the swindlers who are constantly fleecing the inexperienced investor throughout our country is now promised and it is indeed urgently needed. In ordinary times their harvest, reaped chiefly amongst people of small means, runs far into the millions. Under conditions of high wages and profit-making, when the spirit of speculation is aroused by sudden fortunes made through war contracts or war stocks, the annual loss is doubtless more than doubled.

Among the poor whom these sharks are now robbing are the small holders of liberty bonds who are being induced by false pretense to sell them at a substantial loss. The oldest and most outrageous form of this swindling is the taking of the insurance money of widows and orphans, by inducing the loaning of these funds without proper security, or their investment in schemes promising large and quick returns.

Life insurance companies and the press and others interested, have done much to warn the public against these swindlers. It is, however, impossible to keep this warning campaign up perpetually, and if it were possible, only a few of the victims could be reached in advance of the attack.

The only hope for anything approaching permanent relief lies in the arrest and severe punishment of the guilty. A number of states have passed "blue sky laws" which are more or less effective, and the national government has also taken up the question through the Federal Trade Commission, which has supervision over certain phases of corporation operations.

Anyone knowing of a questionable or fraudulent promotion or soliciting for questionable schemes of any sort, should promptly report the matter to the Federal Trade Commission, Washington, D. C., and to the proper local and state authorities. If this criminal practice is to be checked, the public must support the authorities in every possible way.

There was recently a cruel and inhuman hazing of two negro students at the University of Maine, who showed that, "man for man," they would have asked no odds of their tormentors. The institution should be represented at the conference on lynching to be held in New York and should there confess that the hazing of negro students is attended with risk, even when conducted with "superior numbers."

Returned service men have a perfect right to sell lead pencils if they want to, but they ought to get out of their uniforms before getting into the business. The country has done too much for the soldiers to justify any attempt on their part to work the "charity racket" in any way, shape or manner.

President Wilson is resolved to get all of the soldiers home as soon as possible after the signing of the peace treaty. Well, why not? What use will America have for soldiers on foreign soil when it is at peace with all the world?

It is given out from Washington that the country's war expenses have not only shown no abatement since the signing of the armistice, but are actually increasing. Perhaps this is why some people feel that the war ended too soon.

Many men have learned that it is better to go afoot than to ride in a stolen automobile, and some of the boys in this city are in a way to learn that it is better to go afoot than to ride a stolen bicycle.

It is predicted that when prohibition sets in the rum business will flourish along the Mexican border on the Mexican side of the line. But even that will afford little relief to the "frozen North."

When M. W. Hook of Hampton unexpectedly learned a few days ago that he had fallen heir to \$30,000 he must have felt that he had been caught with the right kind of hook.

A German submarine as a Victory Loan booster was far more welcome than it would have been under its original colors and on its original mission.

Red is all right as a part of the combination, but, standing alone, it is not a popular national color in these United States of America.

The government keeps a sharp eye on the brewers, says a headline. Many men are doing the same thing, but for a very different reason.

It is hoped to keep the price of flour from "soaring above \$12 a barrel." This small favor will be thankfully received.

Congress has been called to meet in special session May 19. It would be cruel to keep those \$4,260,000,000 appropriated.

It will be a great day for Portsmouth when the "Portsmouth" is launched.

IRISH AMERICAN DELEGATES DEFY BRITISH ORDERS

(By Associated Press)
 Dublin, May 12.—Frank J. Walsh, Edward Dunne and Michael F. Ryan, representatives of Irish societies in the United States, visited Galway yesterday and left in the evening for Westport, notwithstanding the fact they were officially notified on Saturday they would not be allowed to go there because Westport had been proclaimed a military area. An armored car arrived at Westport yesterday and military pickets were posted along the roads over which the delegates would travel to that town.

PEOPLE'S OPINIONS

Comments On Sunday's Sermon.
 Editor:—In a forceful and convincing discourse, Rev. Nelson Kellogg on Sunday morning at St. John's church, scored superstition and higher criticism, presenting historic facts and evidence of the death and literal resurrection of Christ and the wonderful effects following this event. The speaker recounted the circumstances of the wonderful spread of Christianity and the establishment of the church all within a few years after the resurrection; and also told of the consequent growth of the church and its far-reaching accomplishments all through the ages. The text was Acts 17:18. "He preached unto them Jesus and the resurrection." The circumstance of this text was the preaching of Saint Paul among the best educated men of Athens who worshipped a number of deities but some of whom became convinced of the claims of Christianity. Mr. Kellogg presented convincing facts and arguments of the triumph of Christianity through the ages against all obstacles, and showed how the power of the resurrection and the life of the Saviour were established historic facts and were the compelling force in the lives of men and communities of the present day. There was a good attendance at this service, despite the inclement weather and the speaker was heard with close attention.

Asks Why No Quorum?
 Editor:—As a lover of Portsmouth and a loyal Republican, I was much astounded and grieved by the action of some of the leading Republican members of the city council on Thursday evening. A regular meeting of the council was scheduled to take place on that date, but before the meeting was called it developed that Councilmen Humphreys and Matthews were absent, and as the election of a city physician, which had been pending for several weeks, was on the order of business to come before the council, it looked up if the Democratic members with the support of Councilmen Dunn and Lecky would be able to elect Dr. Kiltredge; and here is where the game of politics was played in a rather questionable manner, to say the least. For while on their way up to the council chamber three of the Republican members presumably under the leadership of Councilman and Ex-Mayor Yeaton, silently vanished, not even explaining or excusing their departure. This action on their part, as was evidently intended, resulted in no quorum and consequently no meeting of the council. From the viewpoint of small politics this procedure may be looked upon as a brilliant move, however I do not consider such low, unlighted tactics to be in accord with the grand traditions of the Republican party. The conduct of these gentlemen seems more inexplicable as they were subsequently observed lurking in a down-town garage. When the time of expiations arrives as it inevitably must such cheap chicanery of duty cannot fail to bring discredit and I fear disaster to the party.

NAVY YARD NOTES

First Time in History of Prison.
 For the first time in the history of the United States naval prison, a prisoner has been restored to full active duty for the second time in the person of Daniel Mullen, who went out with several others last month. Lieut. Comdr. Osborne in sending the men back to service, called attention to the fact that Mullen was the first man to be restored under similar circumstances, and that he, Mr. Osborne, hoped other men like Mullen, who deserved another chance, would have the same opportunity to make good. In the near future, Mullen has been a highly valuable asset to the Mutual Welfare League, and his work while Chief Sergeant-at-Arms was gratifyingly good. At a trying time, he took over, probably the most important assignment given to an official of the League, and made a success of it.

Must Go to Sea.
 Thirty per cent of all naval reserves at phone stations must be placed on sea duty, according to the orders received in the First Naval District from Washington. Thirty per cent, also of all regular navy men at similar stations, are also affected by the same order. The reason given is lack of men on ships owing to recent discharges from the navy.

Osborne at Newburyport.
 Lieut. Commander Thomas M. Osborne spoke at the Oldtown Church, Newburyport, on Sunday night. He talked on the subject of "Prison Welfare Work."

Chaplain in Hospital.
 Father Henry, lieutenant in the chaplain corps, is confined to the yard hospital for treatment.

For the Patients.
 Special entertainments are now given every Thursday and Saturday evening for the patients in the hospital recently brought to the yard by the hospital ship Mercy. The programs are arranged through Chaplain Rountree.

Boat Ship Leads
 The boat ship went 206 per cent on the Victory Loan and once more leads the Industrial Department. 111 men subscribed a total of \$23,000 against a quota of \$11,000.

VETERAN RAILROAD CONDUCTOR DEAD AT NEWBURYPORT

Moses Shackley, one of the best known passenger conductors of the Boston and Maine railroad, is dead at his home in Newburyport after a long illness which has confined him to his bed for the past six years. He started his railroad career in 1889 with the old Eastern R. R. as a brakeman. For 23 years he ran between Newburyport and Boston and was widely known to the traveling public. He was a native of Shapleigh, Me., and moved to Newburyport at the age of 9, from which place he went to Newburyport where he has made his home for 44 years. He was 63 years of age and besides his wife he is survived by two brothers, Lyman H. of Denver, Col., and Daniel E. of Springfield, Me. His funeral was held today and attended by a delegation of railroad men from the Boston and Maine.

PROTEST BY WOMEN PLANNED

Boston, May 12.—The situation brought about by the ever-increasing high cost of living is growing more serious, graver every week, and the time has come for housekeepers to take action. Something must be done to relieve the anxiety of mothers about the exorbitant prices of food and clothes. Mrs. Harry Livingstone vice president of the Housekeepers' League, said last night.

With Mrs. Ida Hubbard, president, Mrs. Livingstone and members of the committee are getting ready to take drastic action. A mass meeting will be held in the near future. In preparation of this meeting a special committee meeting is to be held next Thursday afternoon at 3 o'clock in Myra Hall, Copely square. This meeting will be represented by a woman from every district in and about the city. Plans will be formulated and the chairman of each district committee will then arouse the interest of all their home women. This action of the Housekeepers' League is to be a real united protest against present prices.

"During the war," Mrs. Livingstone said, "women, patriotic mothers and wives, fought against the high cost of living, suffered no protest but carefully studied food values and food and clothing economy. But it cannot go on forever. Instead of relief we are getting worse conditions. Mothers can not properly feed and clothe their children with the prices that exist today."

"We feel, too, that there is enough agitation today without stirring any more, but this is a question which involves the interests of everyone and is a question which cannot be left without some consideration."

In addition to the Housekeepers' League there are a number of women's clubs affiliated with it, and all of these clubs will be asked to participate in the mass meeting. It is to be a real protest. The idea is to add to the bottom reasons for every high price and their justification.

BURGLARS INVADED KITTERY HOUSES ON SATURDAY MORNING

Steal Spoons and Small Sum of Money.

Three more dwelling houses in Kittery were broken into sometime after midnight, Saturday morning, with only a small loss to any of the occupants. It was reported.

The burglars this time visited the section near the Kittery end of the Dodge's Island bridge, and got into the home of Eugene Dodge, Walter Hanson and the Misses Abrams, and also made an attempt to break at the home of Edward S. Bowker on Shippen street, just a short distance above. The Dodge house and the Hanson house are on opposite sides of River street, just at the crossing of Newmarket street, close to the end of the bridge. Several silver spoons were stolen from the sideboard at the Dodge's; a small amount of money was got at the Hanson house, and the Misses Abrams lost nothing.

The burglars went through a front window at Dodge's; and by one of the western windows at Hanson's. A Jenny was used on all the windows. No noise was heard at either place. Only the lower rooms at each place were searched.

DOVER

Dover, May 12.—The Dover Baptist church was the scene of a large gathering Sunday evening which greatly appreciated the delightful concert given by the Dover Boys' orchestra. Several orchestral pieces were played, interspersed with solos and duets. James Cadvert rendered a cornet solo "Swiss Song," accompanied by the orchestra. Reginald Stevens and James Roberts gave a flute and violin duet, "Twilight." William Langley sang a solo, "Just for Today."

A meeting of importance to the retail clerks in Dover will be held at the Board of Trade rooms in the Mechanics Bank building next Tuesday evening. Action will be taken at this meeting in regard to the organization of a branch of the clerks' association of the United States. The feasibility of requesting the merchants of the city to close Wednesday afternoon during the remainder of the summer and until October 15 will be fully discussed.

Burt Wentworth, clerk in the office of Superintendent of Streets, John D. Marston, is at this time busily engaged in making allotments of garden plots to several of our citizens who are anxious to begin the garden campaign for the season of 1919.

The body of Herbert Stillings, son of Mr. and Mrs. Rufus Stillings of this city, who died at his home, 3 Marion street, Uverhill, Mass., on Wednesday was brought to this city on the 5.50 train Sunday morning. It was taken

to Pine Hill cemetery where the interment took place in the family lot. An interesting program was presented at the first of the series of open meetings held at the Orpheum theatre Sunday evening under the auspices of the Blunkett branch of the Friends of Irish Freedom.

One of the most successful receptions ever given in Dover was that of Miss Marion Crawford of Lawrence, Mass., to pupils and friends in the city banquet hall. There was class dancing from 7.30 to 9 o'clock, interspersed with solo dancing by her pupils of Lawrence and Dover with general dancing from 9 to 11 o'clock.

Benton Larn of Lee, who is in charge of a crew of men constructing a state road from Nottingham to the South Lee depot, was a Dover visitor Sunday.

Irving E. Livingstone of the American Express company and family have removed from the Trainor house on Locust street, to the flat on Atkinson street.

Charles E. King and family have moved into their recently purchased home at 23 Nelson street.

Alfred Gussell of Uverhill, Mass., was a visitor to this city Sunday. Judge Thomas L. Marble of Berlin is expected to return here early next month to hear several cases which he was obliged to continue while presiding at the February term of Superior court.

Thomas Killoren, who has been a patient at the Wentworth hospital for the past two months is reported to be in a critical condition.

WORE CARNATIONS.

It was not the best kind of a day to wear flowers Sunday as the weather conditions gave rubber coats the call. Nevertheless there were a goodly number of people who wore the Mothers' Day flower, the carnation.

"For mothers' memory, flowers white, for mothers living, flowers bright."

Commander J. E. Palmer, U. S. N., and Mrs. Palmer, attended the wedding of Ethel Ruth's daughter in Boston on Saturday.

L. W. L. Hill, U. S. N., was calling on friends in the city today after a month's illness.

A. E. F. TO LEAVE RUSSIA EARLY NEXT MONTH

(By Associated Press)
 Archangel, Saturday, May 10.—Territorial arrangements are being made to begin the withdrawal of American troops from North Russia early in June. These plans have been taken because of the public announcement by Secretary Baker of plans for withdrawal, but no definite orders have been received by the American commander. American troops have not been engaged on a large scale in the past month's fighting.

HONORS FOR U. S. WOMEN

New York, May 12.—Twenty-two American women—doctors, nurses and motor drivers—comprising the staff of the American Women's Hospital No. 1 at Luzancy, France, have been decorated by the French government for their services in the war and in combating an epidemic following the armistice, according to word received here Sunday at the headquarters of the American Women's Hospitals.

The citations came as a surprise at the close of a ceremony bestowing upon the entire hospital staff the freedom of the city of Luzancy and personal gifts purchased by popular subscription raised by the people of the surrounding villages.

Among the women honored were Dr. Charlotte Fairbanks, St. Johnsbury, Vt.; Dr. L. J. Manwaring, Norwich, Conn.; and Miss Emily S. Cheney, Manchester, Conn.

DEAR MR. JONES:

I was walking down the street this afternoon when I noticed your car standing by the curb. Say—you've got a bad tread out in your tires! It ought to be fixed right away. It isn't serious now because I don't believe the fable is affected, but within a few days the gravel and moisture that it will pick up will almost ruin your tires. I believe if I get at it at once I can put that place in first-class shape and if I do it will be guaranteed to last as long as the rest of your casing. Suppose you leave your car down in front of my shop tomorrow and I'll take it off and fix it for you during the day.

NAVY YARD OVER WITH 100 PER-CENT, EVERY CIVILIAN EMPLOYEE A BOND HOLDER—THE TOTAL \$744,550.

The Portsmouth Navy Yard finished the Victory Loan with flying colors and with a hundred percent for every civilian employee of the yard and officers. It is a remarkable record and Naval Constructor Robert Ferrell, U. S. N., who has had charge and his efficient corps of assistants from the various shops, are to be congratulated. It is doubtful if the record of this navy yard is exceeded by any other yard in the country.

The total subscription for the entire yard was \$744,550 and for the Industrial Department which includes all of

the civilian employees and the officers of the Industrial Department alone was \$472,700. This is for 150 people or an average of \$158 per person. Every shop in the yard reached a hundred percent, and this included every man, woman and boy on the civilian roll as having purchased one or more bonds. Some of the shops went over 200 per cent.

A final rally was held on Saturday noon and several thousand dollars in bonds were sold. The War Relic Institute was also at the yard during the day and this created a good interest.

MOTORMAN HELD FOR ALLEGED ASSAULT ON KITTERY POINT MAN

George Jewell, of Kittery Point, who has been employed as a motorman on the P. D. & Y. electric road, was arrested on Sunday by Constable Harry M. Tobey and George E. Smart, charged with an assault on Schuyler C. Tobey, Jr., who keeps a lunch room near the Kittery Point car barn.

Jewell was taken before Hall Commissioner Cole and furnished sureties for his later appearance in the Kittery court.

Tobey alleges that the assault took place at about 11 o'clock Saturday evening, and that when he was found something about 3 o'clock Sunday morning by someone from the car barn, there was about \$16 missing from his pocket, as well as the bank bag in which the money was kept, and the key to the store.

The officers also searched the room occupied by Jewell at Kittery Point on Sunday.

Several young men who were about the car barn at night the time the assault is said to have taken place, gave the officers what they said they knew about the matter.

Jewell has been employed on the road for some time, and has had a good reputation.

MOTHERS' DAY AT NAVAL HOSPITAL

The shut-ins at the Naval Hospital were remembered on Mothers' Day with flowers, 20 dozen carnations having been provided by the Y. M. C. A. War Work Council, Secretary M. G. Daily being in charge of the distribution.

The flowers were beautiful and of exquisite shades. They were placed in bouquets in the wards of the hospital, on Saturday morning and labelled "To the best mother in the world—your mother." On Sunday morning each patient was given a carnation as a tribute to the mothers of America and to the glowing influence of the American homes. Among the patients are many of the sick and wounded men who arrived from France some weeks ago on the hospital ship Mercy. "But deep appreciation of the flowers" was felt by the hospital patients who appeared and the Y. M. C. A. War Work Council did a most thoughtful act in remembering these sick and wounded men on Mothers' Day.

It radiated "home" in a measure all out of proportion to its size. The daughter of the house had chosen it as her own little apartment because of its sunny bay window. "Thanks to the National Biscuit Company and the other packers of good things," said the girl, "I can live well without a kitchen." A thick, warm-toned rug invited her to lounge on the floor, while the big, fringed cushions scattered about gave evidence of the mother's care. "You were celebrating the momentous event of the hostess's birthday this afternoon, my dears. Marcella, please, open this bottle of grape juice—was the signal for a general merry-making. LARGE CROWD HEAR NOTED MISSIONARY

Despite the Northeast storm raging Sunday night there was a large audience present at the Colonial theatre to hear the lecture by Rev. D. J. O'Sullivan, a noted Catholic missionary among the negroes of Africa and people of Egypt.

Father O'Sullivan is a member of the Society of African Missions of Lyons, France, and he is touring this country lecturing in the interest of the mission. He has been for thirty years a priest and practically all of that time he has been identified with the mission in West Africa and Egypt. Soon after being ordained in Lyons, France, he was sent to Egypt and from there he went to West Africa.

He explained how these missions have always been supported by the French, but since the war, this support has of course been lost, although he said that even with the country over run with the war, and hundreds of its cities and towns laid waste, with thousands of the flower of the manhood of the country killed or maimed, France was loyal to its mission as far as it was possible. "The missions now are in great need of funds and they have appealed through Father O'Sullivan, for aid from the Catholics of the world. His lecture was illustrated with many views of the missionary field of West Africa and of Egypt, and he gave a general talk on what had been accomplished with the pagan natives and of some of the hardships that the members of the mission have endured in carrying out the work. He described the spread of the mission, and told of the flourishing condition they in before the war. The work is still being carried on with the same vigor as of old, but the war has greatly handicapped the work.

Fr. O'Sullivan has recently been touring Ireland, his native country, and he devoted some of his time to the present political condition of the country. He illustrated his talk on Ireland with views of the country and pictures of some of its great leaders.

The lecturer was introduced by Rev. D. A. Sullivan, the rector of the Church of the Immaculate Conception. Following his lecture an offering was taken up for the mission, and it was a most generous one.

Fr. O'Sullivan spoke at all of the masses of the Church of the Immaculate Conception on Sunday.

ENDORSE OLD COMMISSIONER

At the weekly shoot at the Portsmouth Country Club on Saturday afternoon, Walter B. Farmer, President of the Exeter Gun Club, was one of the those taking part and he also gave the members a talk on game and fish protection, and strongly advocated the reappointment of Commissioner McIntire, of Milford.

It is understood the appointment will be made on Wednesday at the regular meeting of the Governor and Council, and Mr. Farmer said that the Exeter Gun Club had gone on record endorsing the reappointment of Commissioner McIntire. Mr. Farmer told of the work that had been accomplished in game and fish protection in this county thru the cooperation of the Exeter Gun Club with the Game Warden and suggested that such measures be taken up by the Gun Club section of the Portsmouth Country Club. The Exeter Gun Club members are volunteer wardens and they have succeeded in stopping all of the illegal fishing and shooting by that irresponsible class of people who evade every game law.

There was a general discussion and it was agreed that there was great need of some such movement in this section. A vote was taken and it was unanimously agreed to endorse the reappointment of Commissioner McIntire. Mr. Farmer also stated that the date for the annual New Hampshire State Championship trap shoot was June 27-28 at the Exeter Gun Club and invited the Portsmouth gunners to take part. One of the features will be an interclub team shoot in which Manchester agrees to shoot against all of the other club teams in the state. The Portsmouth Country Club will enter a team.

There were two events in the Saturday shoot, the monthly and the seasonal both twenty-five targets. In the monthly and Charlie Norton was high for the monthly shoot and Harold Hann was high for the seasonal. Harry Green was high for the day with 41 out of 50.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Weyl's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise waiting for them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyl's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

PORTSMOUTH GOES WELL OVER THE TOP

Subscriptions May Reach the Million
Mark--Officially Over Last Friday--Big
Rush Last Day the Loan

Portsmouth finished the job by over-subscribing the Fifth or Victory loan, by several hundred thousand dollars. The city was officially credited by the Federal Reserve Board on Friday with being over the top with its quota of \$25,100, and the official figures for Friday and Saturday will not be available for a day or two.

Saturday was a big day in the loan and all of the banks reported a very heavy buying, but of course all did not go to Portsmouth credit. Unofficially it is stated that the city in all probability will reach \$1,000,000 subscription. The banks have record almost a million and a half in sales, but almost forty per cent is allowed for outside credits.

LOCAL CHURCHES OBSERVE MOTHERS' DAY

Mother's Day was widely observed in this city Sunday and at a number of the local churches the pastors gave sermons appropriate for the day. The churches had attractive floral decorations and after the morning service the flowers were sent to the navy yard to be worn by the ships. Many Mothers' Day letters were written by enlisted men. The last two Mothers' Days have been filled with the sadness of war for in nearly every family some boy was absent, but the day this year brought joy to many mothers as the loved ones are returning from service.

The decorations which decorated the pulpits were provided by the Christian Endeavor society. At the close of the service the flowers were taken to the navy yard heading to be sent to the Don Juan de Austria at the navy yard that the ship could wear the flowers on Mother's Day.

BURGLARS WERE VERY BUSY ON STATE STREET

Made Five Breaks on Sunday
Night; Silver Taken From
Two Places.

During the high wind and rain on Sunday night and early this morning burglars were again active in this city, giving the most of their time to State street, where they entered the residence of Rev. Dr. J. H. Thayer, Horace E. Page and G. L. Treadwell, all in the same neighborhood. The residence of Dr. A. C. Heffenger on Austin street and that of Thomas Nell on Middle street also had a call from them.

At the Thayer house they secured more or less valuable silver, getting in through the kitchen window and out the back door. This is their second visit at the Thayer residence in five months.

Some silver spoons were taken from the Frye house. Here the burglars were evidently frightened away by Dr. Burnham, a visitor at the house, who had occasion to get up some time about 3 o'clock. He heard the noise in the dining room but paid no attention, thinking it was caused by the wind. Here they got in through a window and departed by a side door.

At the Treadwell house they got into the kitchen and were unable to go further as all doors leading to other parts of the house were bolted. They burned a considerable number of matches and finally gave it up, going out by the window they entered.

They got nothing at the Heffenger residence owing to the fact that all the valuables had been removed and locked up. It was between 2 and 3 o'clock when they got in through the kitchen window.

A dog at the Nell residence got busy just as soon as the burglars and they had hardly got a window opened when he began barking which aroused the inmates of the house and frightened the thieves away.

THURSDAY NIGHT MAY 15TH.

Parade's celebrated Ocean Echo Orchestra of Salisbury Beach will furnish dance music at Freeman's Hall Thursday evening, May 15th.

This orchestra has been the big attraction at Salisbury Beach the past two seasons, having furnished dance music for over 200,000 people.

BEGAN DUTIES TODAY.

Field Secretary John D. Long of the K. of C., transferred from Camp Devens, began his duties here today, replacing Secretary Gossnell.

WANT THE CITY TO PROVIDE POLICE FOR THE HEIGHTS

Police From the Atlantic Yard
Have Been Doing the
Work.

The Atlantic Heights is said to have made a request for a police officer for that district and the matter will be brought to the attention of the police commission at the next meeting. This section has up to now been patrolled by the guards from the shipyard, several of whom have been dropped recently and the matter of police protection there now appears to be up to the city.

BONUS CHECK WAITS BAUDETTE FROM THIS CITY

Nearly 200 bonus checks are waiting to be claimed by New England boys who formerly served in the United States navy. Among the list for \$60 is Thomas J. Baudette of Portsmouth, who gives his address as Box 341. The money was provided by Congress for naval officers, enlisted men, field clerks and nurses, to be paid them on their release. A half dozen or more men from this state have not yet called for the bonus.

MUCH INTEREST IN THE MATCH

Local Firemen Hope to Pin
Defeat on the Yorkers.

The men of the Fire Department are much interested in the bowling match at the Elks' alleys tonight when a picked team from the local firemen will clash with the York firemen. The Portsmouth team will trot out nearly a new lineup and they believe that the Yorkers cannot get away with anything but a defeat.

McENELLY'S TOMORROW

The McEnelly orchestra comes to Portsmouth tomorrow evening for the last time this season as they are booked to open their summer park at Springfield Saturday this week. They have proven a wonderful drawing attraction all season, a capably house greeting them on each visit. Many dancers are coming from Rochester, Dover, Sanford, Newburyport and Haverhill for the farewell engagement and all are anticipating a good time. The concert starts at 8 o'clock and the dancing at 8.15.

Introducing
"Bedford Scrim" Curtains
And reciting their merits.

"Bedford scrim" curtains are better than the ordinary sort—they are made of the finest quality scrim we have been able to locate.

They are soft and sheer,
They have a high lustre.
They are transparent.
They launder splendidly.

We offer them in a variety of patterns, made up some with lace edges and some plain. All are daintily finished and all are made to hang straight. Then there are the irresistible Quaker Craft lace, voile, marquisette and all pretty, new and effective.
